

Congratulations Class of 2009!

WELCOME TO OUR AIS/AES ALUMNI FAMILY

The AIS/AES New Delhi Alumni Association extends hearty congratulations to each and every one of you on your upcoming graduation from the American Embassy School!

Now that you are almost AES graduates, we would like to invite you to join our alumni association and introduce you to our alumni news website at <http://www.aisaes.org>. Be sure to mark this site as a "Favorite" and visit often for news about your friends, as well as interesting feature articles and information.

Over 4,500 American Embassy School – New Delhi (formerly the American International School) alumni going back to the Class of 1959 belong to our alumni family. In addition to maintaining contact information for our AIS/AES classmates and helping alumni stay in touch with one another, we help individual classes who wish to hold their own reunions. AIS/AES alumni, friends and teachers also get together every five years for a fun-packed reunion weekend of Indian food and dancing to AIS/AES bands. Our next major reunion is scheduled for the July 4th 2010 weekend, in the Washington DC area. So mark your calendars! Detailed information on this reunion will be posted in the coming months.

Please check out our website soon and submit your contact information via the *Submit Contact Information* link on the Home Page, so we can add you to our alumni database and post your e-mail address in our on-line searchable e-mail directory (under "E-mail Address" on the navigation bar). The username and password for this database is your AES sports teams' name. Also, remember to send us your news and pictures to post on the site, and encourage your classmates to do the same.

Again, congratulations to you all!
